**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

This is unacceptable we need market diversity and I strongly encourage this petition to no be granted. I disagree with the repeal of net neutrality, as a self employed creative I depend on the access to high speed Internet not as a luxury but as a requirement. Making this any less accessible than it already is would be a huge mistake to myself and countless Americans who are in the same situation. I struggled to find an alternative to comcast, which is a disappointing company to be a customer of, and I did but I cannot lose that. Please represent the wishes of your taxpayers like your job requires.
